THIS book was written for the most part before the war. Mindful how the war has affected the mental outlook of us all, I turned anxiously to its pages to see whether I might not feel obliged to re-write some of the chapters. But I found nothing I wanted to alter: the only difference the war made was to defer the publication for a few months, and these have enabled me to stand far enough from my work to view it objectively. I see, again, that its subtitle suggests many volumes; for viewed quantitatively there was no reason why there should not be ten, fifteen, twenty volumes, and my imagination fainted at such a dreary prospect. But my instinct leads all the other way; and when I asked myself the question, how short my work might be, the small volume was the only answer. Knowing that one's instincts are to be trusted, that is sufficient apology for my brevity, but to those who feel happier when a recognised authority can be quoted I will add, that August Strindberg has shown how much can be said in a small volume. Strindberg's self-revelation is not only complete but one can never forget it. Hardly can one say as such for Rousseau. When one lays down the bulky volume of his Confessions one has a vivid remembrance of lurid passages, and a distressing consciousness that much of what one has read has slipped away. I might point to a greater than Strindberg, for are we not all coming to think that the greatest book of the eighteenth century was also one of its smallest - Blake...
