By Hensleigh Wedgwood, Esq. The researches of the last thirty years have shown that a system of writing comprising, amid much that was merely symbolical, a numerous class of truly alphabetic characters, was in use in Egypt from the earliest times of the monarchy down to the Christian era. It is remarkable too that the alphabetic element is employed in the earliest monuments to explain the reading of certain characters which are themselves symbolically significant, and are frequently used without any phonetic accompaniment. Thus, as Bunsen observes, the symbol called the Crux ansata, signifying life (in Old Egyptian anx), is often followed by the letters n and x, which must have been added in the first instance for the sake of indicating the pronunciation. When the value of alphabetic writing in securing clearness of expression was thus early recognized, it is truly astonishing that among...
