The Schofield Sims Progress Papers provide rigorous all-round practice for the end of Key Stage 2, and may also be suitable for some younger and older children. The series is designed for use as revision or extension work, or as preparation for the 11+ examinations, including those set by CEM (Durham University) and GL Assessment. The papers are intended for children to work through systematically with an adult who can provide assistance and diagnose key issues. Covering over 40 question types, all of them indexed in a useful Topics chart, the Progress Papers in Verbal Reasoning develop children's logic, critical thinking, vocabulary, spelling and problem solving skills. Questions increase in difficulty, providing a clear measure of progress. Every book includes six papers, each containing 100 questions, and a total of 100 marks is available per paper. Pull-out answers make scoring easy and the percentage result generated may be added to the Progress chart at the back of the book following marking. The question types featured in Progress Papers in Verbal Reasoning 2 include: synonyms, antonyms and word categories; jumbled words and word chains; alphabetical order and word codes; true statements and sorting information; number connections, graphs and tables; and time problems and mixed-up sentences.
