## The Gist of Calculus

By Borislav Dzodzo

BOOK JUNGLE, United States, 2012. Paperback. Book Condition: New. 274 x 211 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.If you are actually bothering to read this book it is likely that the traditional approach to calculus education confused you as much as it confused me. Calculus can be taught in many different ways and the geometric approach made the most sense to me but I never encountered it in my course of study. I was taught the detailed minutia of calculus in my classes but the geometry that underlies the core of Calculus was never be explained to me. I was simply given formulas that seemed to have descended from the heavens and was taught to eventually accept them on good faith as an unquestionable truth and then told to perform operations with them in hopes that somehow I will eventually understand calculus by memorizing these formulas. This encounter with a faith based approach to calculus left me with a lingering sense that the math department has betrayed the principles of reason upon which the mathematics was built. The stunning simplicity and beauty of the basic derivatives was cruelly hidden from me at the time....
